Technical Skills

Languages: C++, Java, JavaScript, PHP, Python

Technologies/Frameworks: React.js, Node.js, Express.js, Git, GitHub, Postman, Kali Linux, MySQL, NoSQL

Domain Skills: DSA, Problem-Solving, Responsive Web Design

Projects

Zenzloom | *Node.js, Express.js, React.js, MongoDB* | **GitHub** **Dec' 2025 – Jan' 2026**

- Designed and structured a scalable e-commerce platform, Zenzloom, supporting product discovery, cart management, order placement, and role-based access control for customers and administrators.
- Integrated the MERN stack (MongoDB, Express.js, React.js, Node.js) to implement secure authentication using JWT, centralized state management with Redux Toolkit, and RESTful APIs enabling seamless frontend–backend communication.
- Delivered a production-ready system featuring user and admin dashboards, product and category management, image uploads, cart and checkout workflows, payment processing, and basic sales analytics, demonstrating end-to-end full-stack implementation and debugging capabilities.

Plant Hub | *PHP, MySQL, Responsive Web Design* | **GitHub** **Mar' 2025 – May 2025**

- Developed a community garden portal, Plant Hub, enabling users to join a gardening community, purchase seeds, tools, and plants, and access gardening resources with an integrated chatbot for assistance.
- Implemented a responsive web platform using **HTML, Tailwind CSS, JS, PHP, and MySQL** featuring dynamic user authentication, a cart system with real-time form processing and email notifications via PHPMailer.
- Delivered a fully working and tested system managing 100+ sample listings, 150+ registered test accounts, 85%+ chatbot response accuracy on common plant queries, 100% mobile-responsive design.

Summer Training

Centre For Professional Enhancement | Certificate **Jun' 2025 – Jul' 2025**

- Completed a certified summer training program in Data Structures and Algorithms (DSA).
- Gained hands-on experience with core DSA concepts such as arrays, linked lists, stacks, queues, trees, sorting, searching, and recursion.
- Strengthened problem-solving and algorithmic thinking skills through practical coding exercises and real-time implementation in C++/Java.

Extracurricular Activities

- Attended a 5-day AI intensive workshop by Kaggle
- Participated in Byte Bash Hackathon

Certifications

Bits and Bytes of Computer Networking **Sep' 2024**
Coursera

C Programming **Mar' 2024**
CSEpathshala

Education

Lovely Professional University **Aug' 2023 – Present**
Computer Science and Engineering — CGPA: 6.89 *Phagwara, Punjab*

Aggarwal Public School **Apr' 2022 – May 2023**
Intermediate — Percentage: 73% *Faridabad, Haryana*

Aggarwal Public School **Apr' 2020 – Jun' 2021**
Matriculation — Percentage: 65% *Faridabad, Haryana*
